📄 gender_submission.csv

Here's a preview of your dataset:

|   | PassengerId | Survived |
|---|---|---|
| 0 | 892 | 0 |
| 1 | 893 | 1 |
| 2 | 894 | 0 |
| 3 | 895 | 0 |
| 4 | 896 | 1 |

## Chat Section

describe the dataset

The dataset appears to contain passenger information, including 'PassengerId' and 'Survived' status (likely 0 for no, 1 for yes). It's a small snippet, possibly from a larger dataset like the Titanic dataset.

**Passenger Survival Counts**

plot a chart and conclude

The bar chart shows the distribution of passenger survival, indicating more passengers did not survive than survived in this small sample.

**Passenger Survival Distribution**
